Objective:	To provide students with a platform to develop innovative solutions for real-world problems and encourage participation in Smart India Hackathon (SIH).					
Overview	A department-level hackathon was organized where students presented their solutions through PPTs and working prototypes before an expert panel.					
Participation	Students participated in teams and presented innovative ideas based on various SIH problem statements.					
Key Outcomes:	● Improved problem-solving and technical skills. ● Encouraged innovation and teamwork. ● Students gained experience in pitching and prototype development. ● Shortlisted promising teams for further SIH preparation.					

Key observations	Students should focus on problem understanding, innovation, working prototypes, feasibility, and real-world impact. More practice and technical validation are recommended.
Conclusion:	The hackathon successfully encouraged innovation, teamwork, and practical problem-solving among students and helped identify promising solutions for SIH.
